DENON DJ PRIME 4 G2 FACEPLATE

U91913BL

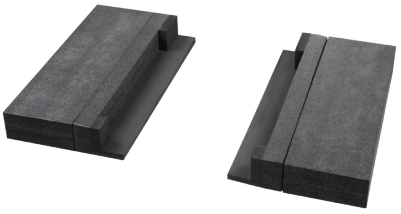

The UDG Ultimate Denon DJ Prime 4 G2 Faceplate Black is designed to seamlessly integrate your Denon DJ Prime 4 G2 into the UDG Ultimate DJ Podium Workstation. This high-quality, solid glossy acrylic faceplate fits precisely into the top deck, creating a clean, recessed, and professional setup. It must be used with the included Foam Padding Support to properly support your gear, protect contact surfaces, and minimize movement, all while maintaining the workstation's sleek look.

Note:

This product is an accessory for the UDG Ultimate DJ Podium Workstation. The DJ podium, articulating arms, and transportation flight case are sold separately.
